

THE GOLDEN TOOL

Message from Sheryl Kennedy - Business Support Manager, AWB Co

And just like that, another quarter done and dusted! We have had tremendous growth this year and the company is expanding quickly from taking on more contracts, to a bigger team, more vehicles on the road and even a second premises! We would like to take this opportunity to thank our clients for all the work they have awarded us throughout this year so far. We would also like to thank our amazing staff and subcontractors for all their hard work and endless efforts to help keep AWB growing and thriving! After all, it wouldn't be possible without you all!

BLEAK TO CHIC! AWB BRIGHTENS PERTH

AWB Co recently completed works at a housing complex for a new client at the Quadrangle in Nedlands. This massive external paint job was completed while battling the elements through Perth's wettest winter in years!

The works included painting surfaces of the 30 units including the render; gutters & down pipes; fascia's; eaves and meter boxes plus the walkways & staircases; safety bollards and the boundary fence. The job was completed within the quoted timeframe and with no safety issues.

AWB Painting Supervisor Ryan recommended our client apply two coats of a weather protectant membrane – providing a 15 year warranty on the paint. Quality work once again team!

Paint works big or small - contact AWB at painting@awbco.com.au

FLASH NEWS

THE STUDENT BECOMES THE MASTER

A massive congratulations to our 4th year Electrical Apprentice Zayn who recently completed his apprenticeship and is now a fully qualified Electrician! Credit to Electrical Supervisor AJ and the electrical team for mentoring and guiding Zayn to success.

MOVING ON UP...THE ROAD

After a year of growth and new staff members, we will no longer be sardines in a can! We have a new additional office a stones throw away at 31 Stiles Avenue. Pop in and check it out next time you are in Burswood.

1000 VERIFIED DOCS - TICK

After two years of use, we now have over 1000 verified documents in our Contractor Management System, Rapid!

AWB acknowledges the traditional custodians of the lands on which our company is located and where we conduct our business. We recognize their continuing connection to land, waters and community. We pay our respects to them and their cultures, to Elders, past, present and emerging.

IDEACTION.2021 SHINING A LIGHT ON FM

SAFETY AWARD QUARTER 3, 2021 ZAYN ZIKMUNDOVSKY

It is Zayn's quarter! Our recently graduated Electrician Zayn received nominations for the Q3 Safety Award following a site inspection.

His positive attitude towards safety was recognised by colleagues as was his clean and organised work Ute. Zayn was also commended for his consistency in completing safety tasks such as JSA's correctly and effectively.

Congratulations Zayn! Thanks for being a leader in the safety space at AWB Co.

AWB had the pleasure of sponsoring the Facility Management Association of Australia Ideaction.2021 Conference.

Returning after being forced to cancel last year due to COVID19, Ideaction 2021 was the first year the conference has gone national. The Western Australian arm of the FMA were the lucky ones being the only venue to have attendees, while Geelong & Sydney tuned in virtually.

This conference was a valuable experience, providing attendees with unique thoughts and ideas on how the industry can create a prosperous future through increased efficiency

and effectiveness in the management of facilities.

With 11 keynote speakers, 30 sponsors and over 150 attendees across Australia, congratulations to the FMA and FMA WA committee for executing this valued event for the industry.

AWB sponsored the event as an exhibitor and made some great connections. Congratulations to our new friend Clark (pictured) who won the AWB door prize voucher which he has used for his current home renovations!

For more information about the FMA, please visit them at: fma.com.au

SAFETY REMINDER

If you have any questions or need help on Rapid please contact Sam on 9472 9449 or safety@awbco.com.au

Here at AWB we believe in compliance! Whether it be compliance with regulators, all our client procedures or with the safety procedures and standards. We are also striving towards going paperless. A tool that is greatly helping us to achieve both, going paper less and being compliant is Rapid Global.

Rapid and its mobile

application is a tool which if used effectively helps us keep track of all our inductions/tickets/training rather than carrying a paper copy to all sites which we all know how hard it is, to keep in pristine condition. All you need to do is upload your documents to Rapid and access it any time using your mobile app on the go. It will even send out reminders

when your certificates are about to expire. Also, during the dreaded site audits, we have all our compliance documents at our fingertips.

We have also added all our SWMS, client inductions instructions and electronically editable JSA's on Rapid for ease of use for everyone!

- Sam, HSE Coordinator
